“ *Mark did work for us on our house. He was always so kind, considerate and a gentleman. He was super talented in wood working and all things carpentry. I don't think there was any project he couldn't tackle. RIP Mark! We have hope of seeing you again soon!!*

He was very talented when it came to building things with wood. What ever he built, he built it to last.

“ *The one thing I can say that my big brother taught me, was to fight. You had to fight if your were gonna survive living under the same roof has Mark. The one thing I can say about what I won't miss about him is being shot in the booty with his BB gun. I love more than you will ever know.*
