“*Mary Ann I will miss you more than you will ever know. I have so many good memories of us, like going to Braves, Hank Williams concert, and Alabama concert not counting all the trips we made to Nashville. I remember when me and Barry first moved to Alabama how you welcome us in your home and made us feel like it was our home. Barry always said you was a good sister-in-law and friend that he really did love , as I do too. I had to give up my whole family this pass year and it hurt me so much to tell Donnie and Susie bye but it just got me down telling you bye, because you was not only by sister but my best friend and I didn't want to but I knew you was tired and needed the rest, but I will always cherish the memories I have. I am happy you are in no more pain but I still hurt so much. I will see you and rest of the family someday, but like the song says "God be with me until we meet again".When you see mom, dad and all my other sibilings if you can hug them for me, please do. Also if Lee gets there before me, take care of him, he asked me to send his love and to thank you for all you done for him. I love you and will forever keep you in my heart. Your sister and brother-in-law Sarah and Barry*
