“ Sometimes God creates someone that brings out the very best in everyone's path they cross. Mary Perry was one of those chosen few. Always a smile. Always ready to help. Always ready to learn. Always ready to teach. Boy did she love her firefighters! She will surely be missed. She left us too soon.

“ Mary and I became sisters in law when we married brothers and we were way to young to be getting married but just like me we wanted what our hearts wanted. During those years we spent a lot of good times together and some difficult times trying to adjust to married life but we had each other to lean on. We shared learning how to be mother's for the first time together and it truly was a grand experience! Mary was madly in love with her precious Robbi she was the best momma and you didn't mess with her baby girl! I'm so thankful she was in my life during those years. I'm sad we lost touch for so many years because anyone who knew Mary can tell you she's loyal, caring, compassionate and positive beyond measure you were truly blessed to have her as a friend! I was so happy we got to reconnect through Facebook a few years back but I wish I would have lived closer so we could have spent face to face time together. Mary demonstrated what a strong young lady she was when she went through the loss of Katie Rea. She blew me away with her strength at such an young age and she continued to blow me away through her battle! Mary will always be my sister in law at heart. I know she's in the arms of our dear lord now, new body, no more pain and no more battles with cancer! Praise God she is healed🙌🙌 Fly high and free precious Mary we will see you again one sweet day🕊️

“ *Mary,*

You are the only person I have ever known that had cancer and had such a positive attitude. You fought such a courageous battle.

I only hope If that were me I can be half the woman you were. You have a beautiful soul and I am proud you were part of my family and gave me such a beautiful niece. Fly high, let the wind be beneath your wings.

Love you,

Dale
