“ *The memories of childhood flood my mind. The fun things we shared. The only brother I ever knew. You always called me little sis and I treasure that memory. I wasn't able to help you when you needed me but you never held it against me. A kind, polite, gentle soul. You always were a gentleman. Your pain is over and you are whole again. I would have loved to see you run into the arms of Jesus and your Mom. God's will is done. I love you Mikey with all my heart. We will try to take care of your Daddy. Promise!*
