“ I am so sadden to find out about Mike's passing. He was such a positive bright loving light in my life. He was a wonderful friend to me, for years. My heart is broken .i have a thousand wonderful memories of him through the years & probably should have married him back then. That's my loss for sure. My thoughts are with the family. This world lost an incredible Man on April 15th. And now, I will miss him forever . I will cherish the memories forever. I loved him dearly.
