“ So many precious memories of my girls following “Mr. Mike” around your yard as he worked on your house and the landscaping in Elyria, Ohio. Alyssa stood on the back deck last night and cried as she remembered helping “Mr. Mike” put the face on your maple tree. It is still there! Our family will always remember all of the laughs, his sweetness toward our girls, and the kind deeds he did to help us out! Our loss is certainly heaven’s gain!
