“ *Angel I know we were not on good terms but I will always love you forever. I still have you on my mind a lot watching our daughter grow. She is so smart and acts so much like you. We have had our ups and downs but you were one of the best things that ever happened to me. Watch over our little girl. Until we meet again! I'll always be your moon and stars!*

“Michael Lee Joyner, you were an absolutely amazing person! Even though we really didn't get to know each other as well as we had hoped and as well as we wanted to, I could tell that your heart was pure! Behind that tough like exterior, you were really one of the kindest and sweetest people that I had ever met in my whole entire life! In my opinion, your life was took from you far too soon than what it should have been! In just the little time that I did get to know you, we talked and texted one another each and every day all throughout the day. You will always hold a very special place in my heart, Angel!! You were in the process of making me a ring made out of gold, silver, and real Platinum just because I had told you stories of how all my jewelry keeps getting stolen for me. You took it upon yourself from the kindness of your heart to take time out of each and every day to work on that ring for me, and even though we didn't get the chance to have it sized to fit my finger and even though I didn't get the chance to get the ring from you, it will always mean more to me than anyone could ever possibly imagine! Your friends have told me that you talked about me all the time, and that it was always really good things that you would speak of me and that you seemed to really like me. Who knows where our relationship could have went if you had not been taken from us, but everything happens for a reason. God has a plan for you Michael! I'm not quite sure what that plan is, but I will always see you as my guardian Angel! I have the tattoo you made on me to remember you by..Each and every day of my life for the rest of my life, I will look at that tattoo and think of you. You will forever remain in my heart and in my memories. I tried my hardest to make it to your funeral, but your family did not know me and I wasn't sure if you had even spoken of me to them yet so I didn't want to cause any disrespect to them by being there at your funeral services. I love you my guardian, Angel! You will forever be missed! I pray for all of your daughters each and every day that they grow up knowing how great of a father they had and how much of a hero he truly was and will always be.

Love Always,

Cassy Danielle Rowland. ♥

“ Knowing Michael as a child, there is no doubt in my mind that he was honorable and a good hearted soul. Just heartbroken at the untimely loss of this young man, yet so proud of his accomplishments and the contributions he made during his time with us here. Fly high Michael Lee, we will rejoice with you in heaven one day.

“ Michael was also called “Angel” and this angel was taken by evil long before his work was finished. We now return this “Angel” to heaven and thank God for the short time he was with us.

“ Michael’s passing was a tragic loss for all who knew him. He not only served his country as a soldier in the Army, but eagerly helped many who could not help themselves. When I needed his help, he dropped everything and was there for me.

“ I enjoyed knowing Angel, he was a hard worker, easy to be around. He was always very respectful and seemed like a good dad. He was so proud of his children. It’s just such a shock and a waste. One thing he always made clear was that he was so proud to have served in the Army and defended the United States of America.
