“ I can't even remember the day we met. I had started coming to the Tabernacle and she just immediately took me as a friend. I was always glad to see her and talk to her. A few years ago when Marie and Bro.David,had a New Years Eve party. We enjoyed things so much. I remember I was taking Myrtice home.For some reason everything was funny. If we had been stopped by the police,they would take us in, cause no matter what we seen we would laugh I almost had to pullover because we was laughing so hard. Everthing was funny and we did not have anything to drink or take. It just got to be everything was funny. I will always remember that night. Myrtice helped me with a situation I was going through and no matter how long it took or where we went it was okay. If she had not helped me I am not sure I could have made it through, Myrtice would pray and we would be off to another place. You just never find a wonderful friend like Myrtice, who took you as you was. And her friendship was so loving. There is just not enough words to express how much a friend and sister she has been. The bible I believe not sure I'm right or not, but it says be careful cause you never know when you could be entertaining angels. I know I'll get to see her again,she always said to pray for her family. Salvation is what it takes to see her again. She would love to be able to see all of her family with her one day.
