“ I was saddened deeply when I heard about Nolen passing, he was a year ahead of me in high school but we were still friends, More recently I worked in Security at a local hospital as Shift Supervisor and Nolen helped me out a bunch with the cab company, and I appreciated it every time one of his vehicles would pull up.

Where I'm going with this? I didn't call on him all the time, but there were situations where a discharged patient needed to get home and had no way of getting there, they might be have been just lingering and or was someone didn't want to be treated any longer most of the time with insufficient funds,

I read a post Nolen had put on facebook once about a couple went to dalton to get a 7 dollars drives away car , and didn't get it, Nolen picked em up and brought them back to lakeview westside area to a lot where he talked to the merchants and these people drove a car home, Nolen didn't charge them for the ride from Dalton.

So when I called him from work unless he was super busy or on a long run he'd say no problem be there shortly and these patients would get a fee ride home

Nolan was that kind of a guy, he had told me he'd been in the same situation before and knew how it felt, Great Guy

I know he'll be missed by a lot of people

Godspeed
