“ *Many years ago my family spent many days during the summer fishing at Peggy and Floyds.*

*Helping to switch out fish from one pond to the other, seeing the baby pigs. Such great friends. Miss those wonderful days times. But I hold those memories close to my heart.*

“ *I remember Peggy driving our school bus . In the flood of 1973 she took special care to make sure every child was safe , enlisting older teens to escort little kids to their doorstep when necessary . There could be no better person that the parents of our community could have ever entrusted the care of their children to than Peggy .*
