“ I first met Becky in the seventh grade at East Lake Junior High...we lost track for many years until I ran into her at Home Depot...every time i would go in there we would stand around and talk and she would pick on my husband Alan...he is so easy to pick on...Becky was such a sweet person and is going to be missed by all who knew her...

I went into Home Depot tonight...it brought back memories of her...especially the last ones of us talking...prayers continue for Beckys sweet family...

“ *Becky was my childhood friend, I loved her dearly and I will miss her much. We reconnected after many years one day when I ran into her at Home Depot when I was buying paint. Since that time she has been such a inspiration to me and has taught me much. Becky I will miss your post each day and I will honor your memory by living the words you said best. Tell the people you love that you love them, help someone in need or just say a kind word to them. Let the little things go and always forgive. Thank God for each day and take nothing for granted. I am truly blessed to have known Becky and was blessed that she was my friend. She taught me so much and has inspired me to look at things in a whole new light. Thru her you could see the Love of God and all the love he has for each of us. Thank You Becky and I know as you came into the presence Jesus he said welcome home my good and faithful servent.*
