“ *I first met Kevin a couple of years ago after he stopped to help me because I was broken down. He took me to the parts store then to his house for another part then back to my vehicle where he refused to let me help him fix it. I knew immediately that he was a very kind man with a big heart. I met him several times afterwards at various car shows and he was always a pleasure to talk to. Many prayers to his family for peace, comfort and understanding during such a difficult time.*
