“ *In memory of my brother Ronnie we were so thankful to have you as our brother we miss you so much sometimes we don't have the answers and we wonder why things happen the way they do but I know that the Lord knows all things and he knows what happened that day he took you home it makes you realize how important we are to each other you know the only thing that we will take with us when God calls us home is our family if they are saved that is the most important thing that we will do here on earth we all are trying to stay close and love one another and I know you would be right there with us but God had different plans for you we will always love you and you will always hold a special place in our hearts.
