“ *Kitty would say: Remember Me  
Remember me when flowers bloom early in the Spring  
Remember me on sunny days in the fun that summer brings  
Remember me in the fall as you walk through leaves of gold  
And in the wintertime remember me in the stories that are told  
But, most of all, remember - Each day right from the start  
I will be forever near  
For I live within your heart.*

“ Kitty,

*You saved me from an abusive relationship. You literally packed my stuff and pushed me out the door. You very likely saved my life.*

*You guided me through my cancer treatments and surgery. Being my rock every step of the way, even going so far as to put my socks on when I couldn't move from surgery.*

*You made me question the feelings of ending it all after that, you kept me from the edge so many times and eventually helped me walk through the doors of the facility that would quite literally save my life.*

*For so many reasons you're the reason I'm here today, I could never thank you enough. You were so much to so many people, the world is so much darker without you in it.*

“ My friend “Kitty-Kat”. How big of a heart you had as you demonstrated when you spoke of your family, your children and your grandchildren. We had so much in common and I knew I could confide in you about anything! Your loss is too palpable and painful to wrap my head around. I always just wanted you to be happy because you deserved that ❤️ I know you are a bright star and an angel watching over the ones you love. I will never forget us doing our hair together in Tennessee, trying to figure out ways to make it look good while trying to combat the humidity. You are perfect now my dear friend..... until we meet again, I love you!! ❤️❤️❤️

Kitty Kell,  
Words cannot explain the feelings I had when I met you. I knew you felt comfortable enough to share what you had been going through. And had being in an abusive marriage, I tried to share some of the life I had endured for 14 years and I knew exactly how you felt and I knew if measures were not taken things would get worse. As an advocate for DV, I speak throughout the year to women and their families about the affect it has on everyone involved. I only wish I could have shared more to save you from this awful outcome. I can only pray that you are with our heavenly Father and singing and smiling with the Angel's. Rest on my sister. We will meet again.

We **MUST** do something to change and/or strengthen the laws. I'm going to miss our teasing banter about Mondays. She hated Mondays! GO DAWGS!!!

*Though I only knew her for a short time; I feel as though I known her a life time. Kitty you were a very special lady and always had a smile that lit up the room. You were always so helpful at both of the AWA Retreats, and always involved and helpful. You were a true angel among us; and I know you are free of pain, fear and totally happy in Jesus's open arms when he greeted you in heaven. Fly high Kitty and I know you will be looking down on all of your friends, family and amputee family. Taken way to soon; but will never be forgotten.*
