“ *My amazing mother. I will always remember you and never forget the moments we shared. You were such an admirable woman and I am so proud of how far you have come in your life momma! You were my best friend, you were my biggest supporter, and you believed that I could do anything if I set my mind to it! I was your songbird and I was your angel but in truth mom, you will always be my angel and I will always love and miss you because you were my mom, you are my mom and your memory will never be forgotten! Everything I do, I do it for you, dad, Jesse, and the Lord because I know all of you are looking down and watching over me as I work to accomplish my dreams and the goals that have been set before me. I love you mom and just know that I will try my hardest to continue to make you proud! <3*
