“ I just learned of this today through fb. I am so sorry and my prayers and condolences go out to the family. I first met Susan when we were both working at Zayre's down town. My daughter and Katie went to school together and became friends. I would run into Susan at school functions or Food Lion and she always stopped to chat with me. She always talked about her family and she loved them more than anything. She was a sweet lady and always treated me kindly. I'm sorry but if I had known I would've stopped by to pay my respects and I know she will be dearly missed by many. I pray that God will comfort each and every one.

I had just learned of this today from a friend on fb. I am so sorry and prayers and my condolences to the family. I first met Susan years ago when we were working at Zayre's downtown. My daughter and Katie went to school together and Susan and I were always running into one another either at school functions or Food Lion. She was a sweet lady and loved her family more than anything. She was always talking about her kids and later on her grandkids. My heart is saddened from learning of this and had I known at the time I would've came by to pay my respects to the family. She will be greatly missed no doubt.
