“ My brother was a very talented and creative person . He was kind& considerate of others & loved his family deeply. I Have very fond memories of being his little sister that he not only protected but loved me & always was there for me. There's not a day goes by that I don't think about him & missing him dearly. He was the best brother a little sister could ever have & I only wish he would have lived with out so much pain and suffering. I know that he's now with our dad& his beautiful son Eric & all our family members that have passed and I look forward to seeing him soon and meeting my maker . Will never be forgotten & my love for him will never stop!! I loved him& so grateful for the memories he left behind of our good times! I will always love you my beautiful brother tee! 🥺💔
