“ Tim Friar and I worked together at Advance Auto and Auto Zone. Tim took me under his wing as soon as we met and taught me a lot about parts and customer service. I can't believe it's been three years and I'm just now learning this. It breaks my heart to lose such a good friend.

“ I knew Tim from Auto store. No matter what kind of mood you walked in with you left with a smile on your face. I just received the news today and it truly hurts my heart. I wanted to tell him I graduated, catch a hard time, and leave smiling.

“ Tim was a great person. He was a great artist model builder and also was very good at giving you any information help or his input to help you make any small to large repairs on your vehicle. I enjoyed talking texting him before an after his surgery. He also liked to joke around an give you a hard time. I'm gonna miss him the mold was broke when came into the world that's for sure.

“ Tim and my father grew up together as best friends as well into their adulthood. My sister and I called him "Uncle Tim" growing up. He was always over at our house and I have a lot of childhood memories from, going places with him and my father, them working on model cars together, R/C racing, and us all going to Aetna mountain mud ridding. Thank you for some great childhood memories, I know you will be missed!!
