“ Renee you and your family are in my thoughts and prayers. God has taken another Angel home to be with Him. I only meant him once and spent the night playing cards with you and your Mom. But just during that short time I could tell God blessed you with someone very special. The road ahead will be very difficult and lonely. So my best advise for is to lean on the Lord and He will get you through it. Trust me I've been there. God Bless You. I love you to the moon and back.

“ Tony my friend, you will be missed. I know from my years of working with you, you are man of outstanding character. You are a man that loved his family. You are a man that would do anything asked of you and worked hard for your company. I thank you for your years of service in the Navy, I thank for your very Loyal, dedicated years of service with Sears. Thank you for working with me, putting up with me, setting me straight when you needed too.

You know in speaking with your friends and co-workers there seemed to be nothing you couldn't do. There seemed to be no-one you couldn't work with. You are the most laid back, get it done fella I have ever worked with. Thank you Tony, for being you, my friend.

“ Tony was a great man. He truly loved his family. One of my fond memories while growing up with him is when we all Tony, Renee, Blake, Lisa, my mom and my brother all went to Gatlinburg together and Tony and I kept going down this huge slide over and over again that was at the indoor pool, we were the only cool ones doing it. Ha. At one point while out and about the traffic was jammed and he got out of the car in the road and started doing the robot. Haha. He was always making us laugh. He'll be missed greatly. Love you Renee, Blake, Alex, and Stormi.
