“ Aunt Tiny not one single moment of my childhood was without you in it. You were there when the girls were little and loved them . I always admired your kindness, beauty, family devotion. My heart aches terribly. I can't believe you are gone. I love you! I am going to miss you deeply.

“ Tiny, you have always been a true spirit. I have so many memories of you as a child. I will never forget the love we shared as sister in laws. You were a great to my children growing up. You got to travel the USA and fly many places when you were a flight attendant. You can let those wings soar and fly high to a better place. I will also remember the time you and Susan were cooking breakfast for Charlie and I and Susan ask how do you get gravy brown? I got up and the gravy was full of pepper where you were trying to get it brown. All in all breakfast was great. Love you and I will meet you in Paradise one day. Please give Charlie and big hug and kiss for me. xoxoxoxo
