“ Going to miss your smiling face. I love how you could command a room. I also love how you could embarrass my husband, that is hard to do. Rest in Peace, sweet lady. Thoughts of you will always bring a smile to our faces.

“ Ursula You always kept us laughing and would light up the room as soon as you walked in. We All Love You, Me, my husband James, my son AJ, my Dad, my daughter, my Grandson all love your sense of humor and You will live in our hearts forever and we will smile every time we think of you as we share so many humorous memories of you. Will never forget your kindness and caring especially when you could not reach us after the tornado in 2011 and we finally got phone service and power back on the numerous phone call messages that were left by you crying and pleading for us to let you know we were ok.

“ I loved this lady who loved to play bingo. She made me a throw and also gave me a butterfly magnet which I keep in my bingo bag. Ursula always wanted to give something to someone because she had a heart as big as Texas. Will miss her so much at bingo especially. She was strong and courageous. Prayers for her family. RIP Ursula.
