“ My mother will be so happy to see Jo again. Jo was my mother's favorite and loved her dearly. Mark and family please know how much I grieve with you, she was a special lady and I know you will miss her so much. My mother taught Jo her job at the Tennessee Stove Works and told us all the time how smart Jo was. To say she was proud to call Jo her niece is an understatement. She was the apple of my mother's eye and what a time they will have in heaven. I can see them now talking and laughing, you know where she is and is better off than we are.

Love to all the family,

“ *I met Ms. Jo when I was 20 years old. We worked together at Tri-State Steel Drum and she was such a wonderful lady and a woman of God. When she decided to retire, she trained me to do payroll and still worked with us after retirement and worked for me while I had maternity leave. I kept in touch over the years until she was unable to. I think of her everyday as I go and come from work passing Mark and Lisa's house. She meant the world to me and she loved her family more than anything else in this world. Enough just can't be said about Ms. Jo. My prayers are with the family during this difficult time and I know she is having a wonderful reunion in heaven with Bud, her children and her Mom and Dad.*
