“ I will never forget going over to Pops with my dad growing up. It was some of the best times of my life. When my dad passed; pops was the first person out of family I got a hold of: he was always so loving and supportive and there when I needed him. Driving by his house every day, and seeing him outside, always put a smile on my face: now it will never be the same 😞 my love and prayers for his family and friends
