“ I've known Wendell for the past 32 years and I've been best friends with his son Shawn for that entire time. We grew up together in Flintstone and I was at their house just about every single day. Words cannot express how deeply saddened I was to hear of his passing. He was like a second father to me and one of the men I aspired to be like while I was growing up. He was a man of character, strength and honor. I'm a better person for having known him and every time I think about him it brings a smile to my face.

“ Oh my heart. I will miss my dear brother in law. So glad I will have an opportunity to see him in the resurrection. Leatha and family, I am so very sorry to hear of Wendells passing. He was a kind, gentle man and I know this is hard for all of you. So close to Ray's death too. My heart is with you all during this time and I hope you can take courage, that he is not gone forever. You will see him again. Hugs to all, Danette, & Josh.

“ I would like to share something important to me and my family. Several years ago my step dad had a cabinet shop in Flintstone. He had a lot of cabinets and different items that had been ordered and paid for. When he died, my mom didn't know anything about the business and no money to hire another cabinet company to finish this work or to give back to the people who had already paid for them. Wendell came to their shop, finished the work, delivered them and refused any money from Mom. Mom passed away several years ago. As her son, I will always be indebted to him and will always hold his name in highest esteem. We all are truly blessed, as you know, to have had this great man in our lives. Thank you for sharing his goodness.

“ We have been Wendell's neighbors for about 4 years now. He was the absolute best neighbor and person!! I loved hanging out in the yard talking with him. If he saw us outside, he would always come over and say hi. He was a great man and will be greatly missed!!

“ I'm so saddened to find out Uncle Wendell has passed. I wish I could have known him better, but meeting him was one of the greatest gifts. It was almost like meeting my Grandpa Doyal since they were so close. The stories and pictures Uncle Wendell shared were such a beautiful blessing and I'm very sad I didn't get to hear more before his time was up. I love you Uncle Wendell.

“ I remember when they lived next door to us in Villisca, it was Easter time and Uncle Wendell hid my basket up in a tree from me, I thought the Easter bunny forgot me. There was another time that he himself hid in a tree at night and scared the holy heck out of me and my brother Eugene. Those were fun times.
