“ *First thing I remember is your ever present smile. We met you through our membership with the La Fayette Elks. You were always nice and had that smile no matter what the situation was. I remember when you got a computer and I helped you with your email...we laughed and laughed with each other about that and wondering if you would ever be able to actually send an email. I think you eventually came to enjoy your computer (at least a little) and I am glad I could help you.*

I know you are in heaven smiling and looking down on us all and I know you feel wonderful. Although we miss you terribly we will see you again one day. You were a good friend thank you for that.

*God bless

“ *It amazing how many times I have thought about Allen through the years and didn't follow up on trying to get in touch with him. I'm very saddened by his passing and not knowing him in his final years. One of the last nights I got out in Chattanooga, Allen and I spent together. That was around 1990 and he was his normal cool self. I have some very pleasant memories of his friendship and will never forget him. May God bless Allen and each and every one of his family members.*
