“ I never in a million years thought I would lose you. We shared a love like no other, no one will ever take your place & I know no one ever took mine. For over 7 years you were my love (my first), soulmate, best friend, & then the father to my first child. Having kobin was the best gift you could ever give me. As long as kobin is breathing I'll always have a piece of you! No one can ever take that from me or have the bond that you & I have. It's made my heart warm to have your parents and people message me and tell me how much you still love me and kobin and just wanted things back, if only I had known.. I promise Kobin & I will be there for your parents and tasha, we won't leave their side. Your family is back together, we are just missing you! Until we meet again, watch over us, wait for us, your arms will be wrapped around us before we know it! I love you always, to the moon & back! As Kobin says, I'll love you through the stars pass the moon all the way to heaven!
